Product Description

Mivv Delta Race Black Inox Exhaust

H.084.LDRB Material : BLACK INOX CARBON CAP Made to improve the bike's aesthetics, sound and performance, the Mivv slip-on exhaust comes from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. The DELTA RACE exhaust is characterized by an exclusive shape which, through a gradual transformation, from conical to hexagonal. There are many details that make its style unique, such as the 3K twill carbon end cap; the perimeter band with double riveting; the input bushing machined from solid, to offer maximum coupling precision. The characteristic Mivv logo created by laser is present on the terminal. It is characterized by a central body in black stainless steel with a "Black Moon" effect, obtained thanks to a special ceramic-based painting process which gives the product a more aggressive look.

Product Description

Mivv GP Pro Black Steel Exhaust

H.084.LXBP

Material: STEEL BLACK

Made to improve the aesthetics, sound and performance of the bike, the slip-on Mivv exhaust system is born from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. GP PRO shows a semi-artisan TIG welding, a compact and essential design and an aggressive sound. Inspired by the world of racing, the exhaust pipe is fitted with a removable protective grille that hides the dB-killer. On the terminal there is the characteristic Mivv logo realized by laser. It is characterized by a central body in black stainless steel with a "Black Moon" brushed effect, obtained with a special coloring process that gives the product a more aggressive look.

Product Description

Mivv Oval Carbon End Cap Exhaust

H.084.L3C

Material : CARBON WITH CARBON CAP

Made to improve the bike's aesthetics, sound and performance, the Mivv slip-on exhaust comes from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. The exhausts of the OVAL line adapt perfectly to any type of motorcycle. The Oval muffler, finished with great attention to detail, represents the best compromise between design and performance. Characterized by a body and cup in high thermal resistance carbon, the exhaust has open slots on the cup, a detail that gives the silencer a sportier design.

Product Description

For the first time ever in India!!

SC Project has created for Lanesplit a custom Carbon Fiber Muffler for the 300 - 1300cc bike segment, only for the India market. This product is not available anywhere else. The slip-on exhaust fits a wide variety of bikes (details in additional information). May need an additional link pipe, depending on bike model. Please contact us for any query. This product is limited to only 1 piece per customer. This is not a dual exhaust. Only 1 muffler included.

*** Picture is for representation and illustration only.**

The GP-TECH muffler characterized by its round and simple shape gives a sporty and attractive line to your motorbike. The GP-TECH is distinguished by the sporty exhaust end cap carbon

fiber Twill. The visible welding with T.I.G. technology and the insert bushings made in CNC allow the silencer to be an added value. The muffler is equipped the DB-Killer and is approved for road use. In the kit are included the steel clamps with anti-vibration rubber for to install the silencers.

Specially produced for Lanesplit
