Product Description

Nils 100 Degrease Spray

53414

Nils 100 Degrease Spray is a multipurpose cleaner and degreaser. Ideal for metal, carbon, plastic and rubber surfaces. Apply the cleaner directly onto sponge and treat the soiled parts and surfaces. Leave it to act for few seconds and therefore rinse out with water. Never mix different cleaning products. Do not clean surfaces when hot, use away from direct sunlight.

Ideal for removing dirt and grease marks from motorbike fairings, exhaust cans, swing arm, fenders and rims.

Product Description

Nils Multi Cleaner Special Foam Spray

53735

Nils Multi Cleaner Special Foam Spray is a universal cleaner, food-grade A1 certified, in foamy form, ideal for cleaning glass, stainless steel, ferrous and plastic materials. It is a physiologically harmless product, formulated according to FDA 21 CFR 178.3570, InS A1 certified (InS Services UK). The spray is the right product for polycarbonate surfaces (motorcycle fairings, windscreens, helmet visors) but also for cleaning glass and plastic, eliminating dirt without fatigue and leaving the surface without halos. It also effectively removes nicotine, grease, and glue residues.
