Product Description

Aella Radiator Guard AE-56155 Japan's most famous accessories and special parts company has teamed up with Lanesplit. AELLA's unique stepless honeycomb design allows the the center part, where the wind from the front wheel is the most, a fine mesh for high protection, while the sides, where the wind from traveling hits, a coarse mesh that does not impair the cooling effect. Made of 0.8mm thick stainless steel. In particular, by using SUS316, which has high acid resistance, corrosion resistance, and high temperature strength, it will protect the core of your precious car for a long time.
