Product Description

Jetprime Race Kill Switch JP KS 004 Kill Switch has the function of replacing the key block on motorcycles for racing use. It is supplied in combination with the Key Box where the original key of the motorcycle is housed together with its antenna. In this way you will no longer need to use the original key and lock, with a saving of approximately 350 grams (depends on the models).
Note: not compatible with the Kawasaki ZX 6R USA version. Check the connector on your motorcycle.
