Product Description

Lightech Water Radiator Guard Ducati Multistrada V4 GPRDU004 The radiator grille is an essential element for the protection and proper functioning of the engine. This grille serves to shield the radiator from any debris, insects and impacts of small objects while driving. A well-designed grille protects the radiator from wear and damage caused by external agents. Its perforated structure allows for optimal air flow, preventing overheating. Aesthetically, the radiator grille gives a touch of extra customization to your motorcycle, combining an elegant design and optimal operation. Fixing takes place, based on the various models, with screws and/or cable ties supplied.
