Product Description

Mivv GP Pro Steel Black Full System Exhaust

B.035.LXBP

Made to improve the aesthetics, sound and performance of the bike, the Mivv exhaust system is born from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. GP PRO shows a semi-artisan TIG welding, a compact and essential design and an aggressive sound. Inspired by the world of racing, the exhaust pipe is equipped with a removable protective grille that hides the dB-killer. On the terminal there is the characteristic Mivv logo realized by laser. It is characterized by a central body in black stainless steel with a “Black Satin” brushed effect, obtained with a special coloring process that gives the product a more aggressive look.
