Product Description

Mivv X-M5 Black Inox Full System Exhaust

T.024.SC5B

Made to improve the aesthetics, sound and performance of the motorcycle, the Mivv slip-on exhaust comes from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. The Mivv X-M5 line, the result of the experience acquired in the MotoGP, Moto2 and Moto3 world championships, is the perfect synthesis between racing style and performance. With a design inspired by the exhausts made for the MotoGP world championship, the X-M5 muffler has a conical shape and compact dimensions capable of releasing the captivating MIVV sound. It features a 3K twill carbon end cap and is equipped with a removable protective grille that hides the dB-killer. The Black version is characterized by a central body in black 304 stainless steel with a "Black Moon" effect, a finish obtained thanks to a special ceramic-based painting process.
