Product Description

R&G Radiator Guard RAD0210BK Color : Black Available in Black or Titanium (color) powder coat finishes to fit the Kawasaki Z650 and Ninja 650 models. Made from pressed aluminum. They improve the looks of your bike as well as help protect your expensive and vulnerable radiator from flying road debris. Installing behind the OE plastic guard, the R&G mesh prevents smaller road debris and stones from hitting the radiator that can easily pass past the OE guard.

No permanent modifications need to be made to the bike.
