Product Description

Shoei's Z Series helmets have always been designed to be compact and lightweight. Shoei now announces the newest helmet in the series, the Z-8, featuring a sportier design and improved functionality that provides even more comfort while riding. These advanced comfort features include a new shield/visor system that offers a wider field of view and enhanced operability, as well as a high-efficiency ventilation system that effectively induces airflow through the helmet. All in all, the Z-8 continues the proud tradition of compactness, lightness, and comfort that are the hallmarks of the Z Series. Features - Compact, lightweight form that is sportier than ever - New shield/visor locking system, featuring one-step locking and release: Shield/visor locking button, shield/visor tab, shield/visor adjustment lever, PINLOCK® Pin - PINLOCK® EVO lens - Quiet Design: Z-8 Noise Reduction, Ear Space, and Vortex Generators - Ventilation System - Comfortable fit for sport riding - E.Q.R.S.: System for removing the helmet in an emergency in the event of an accident
