Product Description

WRS Race High Windscreen Color: Light Smoked Code: HO035F Windscreen made of high quality PMMA plexiglass DOT626 approved, the same material we use for the realization of the screens dedicated to the MotoGP and Superbike world championships. A thickness of only 2 mm was used to maintain excellent lightness and flexibility of the product, making it considerably more resistant to shocks in the event of a fall. This windshield is ideal for those who want to obtain greater coverage from the air while driving without altering the aerodynamics. Made following the strictest safety standards and respecting the know-how, which guarantees maximum resistance and transparency. The design, studied in detail, fits perfectly with the line of the motorcycle, giving it an even more captivating appearance.
