Product Description

Akrapovic Tromboncino Exhaust S-Y2SO11-AHCSS The Akrapovic Tromboncino Exhaust Slip-On line represents the first step in exhaust system tuning. It is simple to install and replaces a standard terminal, offering the best compromise between price and performance. With the Akrapovic Slip-On system we have more power, the unmistakable deep and thundering Akrapovic sound, greater torque value and lower weight. Each silencer is equipped with high quality carbon fiber end caps, also produced by Akrapovic.

SKU:

Price: ₹41,000.00

Categories: [Master Cylinder](#)

Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Product Description

For the first time ever in India!!

SC Project has created for Lanesplit a custom Carbon Fiber Muffler for the 300 - 1300cc bike segment, only for the India market. This product is not available anywhere else. The slip-on exhaust fits a wide variety of bikes (details in additional information). May need an additional link pipe, depending on bike model. Please contact us for any query. This product is limited to only 1 piece per customer. This is not a dual exhaust. Only 1 muffler included.

*** Picture is for representation and illustration only.**

The GP-TECH muffler characterized by its round and simple shape gives a sporty and attractive line to your motorbike. The GP-TECH is distinguished by the sporty exhaust end cap carbon fiber Twill. The visible welding with T.I.G. technology and the insert bushings made in CNC allow the silencer to be an added value. The muffler is equipped the DB-Killer and is approved for road use. In the kit are included the steel clamps with anti-vibration rubber for to install the silencers.

Specially produced for Lanesplit

Product Description

Stainless Steel Exhaust Slip On 74.Y.048.LXSB Storm is a brand owned by Mivv Company, an Italian company specializing in development and sale of OEM and aftermarket exhaust systems for motorcycles, entirely made in Italy. Created in 2006, the Storm brand aims to combine quality, which for half a century has distinguished the Mivv production, to products with a unique sound. Storm exhausts are developed with the same techniques used in Mivv products, sharing the high technological level, the result of continuous R&D work and the experience acquired by the company in competitions, thanks to the cooperation with teams involved in national and world championships.
