

Aella Frame Slider Ducati Multistrada V4 / S (2022 and above models)

AE-68158

[Read More](#)

SKU:

Price: ₹30,500.00

Categories: [Frame Slider](#)

Product Description

Aella Frame Slider AE-68158 Japan's most famous accessories and special parts company has teamed up with Lanesplit. Introducing Aella's frame sliders for the Ducati Multistrada V4. These are hand crafted in Japan. In the case of a conventional slider due to the shape of the frame, the left and right mounting heights will differ, but the new design has been made so that they are almost the same height. AELLA's unique taper shape makes it less likely to stick out, and the slider functions well while maintaining a clean impression. The frame slider suppresses damage caused by unexpected falls.

Brembo Master Cylinder 19RCS Corsa Corta 110C74010 Ducati

110C74010

[Read More](#)

SKU:

Price: ₹41,000.00

Categories: [Master Cylinder](#)

Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

CNC Racing Central Bolt Kit Black Ducati Multistrada V4 / S

WRS Windscreen Caponord Smoked Ducati Multistrada V4 / S

DU016F

[Read More](#)

SKU:

Price: ₹14,000.00

Categories: [Windscreen](#)

Product Description

WRS Windscreen Caponord Smoked

DU016F Color: Smoked Windscreen made using high quality PMMA plexiglass, DOT626 approved 4mm thick. Made following the strictest standards in terms of safety and respecting the know-how, which guarantees maximum resistance and transparency. Caponord version, excellent for those who want to receive greater coverage from the air, especially in the shoulder area. The lines of this windshield will minimize the turbulence created by the air, both

on the rider and the passenger. Caponord is the highest windshield version we have made for this motorcycle model. Compared to the original windscreen, this Caponord version of ours is 10cm taller. The design, studied in detail, fits perfectly with the line of the bike, giving it an even more appealing look.
