Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Puig Dark Smoke Windscreen Benelli TRK 502 / 502 X

Product Description

PUIG WINDSHIELD Dark Smoked 9485F Renew the image of your bike with the New Generation Sport windscreen from Puig. Manufactured in 3mm methacrylate, a material that guarantees high resistance to possible impacts and provides great aerodynamic capacity. The product has been tested in the wind tunnel, achieving the best results. Puig has taken into account the diversity of this style of motorcycle and has a model for each of the most current motorcycles. The assembly of the piece is an easy task and fits perfectly to the machine. To facilitate the assembly, Puig serves together with the fairing instructions for coupling.
