Product Description

Arrow Maxi Race Tech Aluminum Exhaust

72639AK

Terminal material: Aluminum Back case material: Carbon

Internal silencer material: Stainless steel

Designed for those who want a larger volume exhaust that can be mounted on larger displacement motorcycles, more demanding on the reduction of noise emissions, the Arrow race tech exhaust is part of the new Maxi line. The new muffler, albeit voluminous, has an extremely low weight and gives the bike an aggressive and enveloping sound, also obtaining excellent performance. The silencer is available in the titanium, aluminum and dark aluminum versions. Technical features:

- Body length 400mm
 - 50mm coupling diameter
 - Outlet diameter 50mm
 - Supplied with Db-killer
-

Brembo Master Cylinder 19RCS Corsa Corta 110C74010 BMW

110C74010

[Read More](#)

SKU:

Price: ₹41,000.00

Categories: [Master Cylinder](#)

Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Ligtech Aluminum Wheel Valve Cap Black - All BMW Models
