Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Product Description

Mivv GP Pro Steel Black Full System Exhaust

B.035.LXBP

Made to improve the aesthetics, sound and performance of the bike, the Mivv exhaust system is born from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. GP PRO shows a semi-artisan TIG welding, a compact and essential design and an aggressive sound. Inspired by the world of racing, the exhaust pipe is equipped with a removable protective grille that hides the dB-killer. On the terminal there is the characteristic Mivv logo realized by laser. It is characterized by a central body in black stainless steel with a “Black Satin” brushed effect, obtained with a special coloring process that gives the product a more aggressive look.

SC-Project GP Tech Carbon Fiber Muffler BMW G 310 GS

Product Description

For the first time ever in India!!

SC Project has created for Lanesplit a custom Carbon Fiber Muffler for the 300 - 1300cc bike segment, only for the India market. This product is not available anywhere else. The slip-on exhaust fits a wide variety of bikes (details in additional information). May need an additional link pipe, depending on bike model. Please contact us for any query. This product is limited to only 1 piece per customer. This is not a dual exhaust. Only 1 muffler included.

**** Picture is for representation and illustration only.***

The GP-TECH muffler characterized by its round and simple shape gives a sporty and attractive line to your motorbike. The GP-TECH is distinguished by the sporty exhaust end cap carbon fiber Twill. The visible welding with T.I.G. technology and the insert bushings made in CNC allow the silencer to be an added value. The muffler is equipped the DB-Killer and is approved for road use. In the kit are included the steel clamps with anti-vibration rubber for to install the silencers.

Specially produced for Lanesplit

Product Description

For the first time in India!!! Lanesplit is the official dealer for Vulturbike and had partnered with the renowned Italian decal company to create decals specially for all India spec

17 inch and 19 inch wheels for BMW, Kawasaki and KTM motorbikes. The decals have been designed by Vulturbike in partnership with Lanesplit and incorporate the colors of the respective company, the race checker flag and the Italian tricolore. This unique design has been created specially by Vulturbike based on the market survey and feedback conducted by Lanesplit. Each decal is made of high grade Avery Dennison film and the material is the same used by manufacturers like Ducati, Kawasaki, etc. Each decal is laminated and is designed to last for ages without peeling off. A full wheel set consists of 8 decals + 2 free stickers of Lanesplit and Vulturbike
