Product Description

Racing Line (Titanium) S-S13R1-APLT

The Racing Line represents a full step in the exhaust system tuning process and offers a great balance between price and optimum performance. Racing performance exhaust systems are designed for riders that demand maximum performance from their motorcycle. The system is lighter by 68.2% compared to the stock exhaust system and feature exceptional production quality and pure racing output combined with increased engine performance by an extra 6.5 kW (8.8 HP) and 5.7 Nm, recorded on Akrapović's in-house dyno against a Hayabusa with a standard stock exhaust. A combination of racing materials like high-grade titanium for the muffler outer sleeve give these exhaust systems a racing touch. Power +6.5 kW at 9900 rpm Torque +5.7 Nm at 8000 rpm Weight -14.0 kg

Product Description

Slip-On Line (Titanium) S-S13SO4-HRAATBL

Two innovative and aero-efficient mufflers – with a catalytic converter in each to fully comply with BS6 type approval – perfectly match the design of the bike. Constructed from a black-coated lightweight titanium outer sleeve on the mufflers and high-grade stainless steel link pipes, along with carbon-fibre end caps and carbon-fibre heat shields, the exhaust weighs in at 31.6% lighter than stock. This system with a laser-engraved Akrapovič logo has great throttle response to give the rider the feel of the bike's engine and performance, while also adding 1.2 kW (1.6 hp) at 8,700 rpm and 1.9 Nm of torque at 8,400 rpm when tested on the Akrapovič dyno against a Hayabusa with a standard stock exhaust. A vivid, sporty, and deep soundtrack adds another dimension to the exhaust and further thrills the senses. It is a simple plug-and-play product with no need for remapping. Power +1.2 kW at 8700 rpm Torque +1.9 Nm at 8400 rpm Weight -3.9 kg

Brembo Master Cylinder 19RCS Corsa Corta 110C74010 Suzuki

110C74010

[Read More](#)

SKU:

Price: ₹41,000.00

Categories: [Master Cylinder](#)

Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Dynojet Power Commander Display Pod Suzuki Hayabusa Gen 2

POD 300

Product Description

POD 300 The perfect complement to our Power Commander V or AutoTune modules, the POD-300 gives you an accurate real-time reading of your vehicle's vital fuel, engine and air information. Featuring a robust array of options, you can toggle the display, so the data most important to you is front-and-center. The POD-300 can log channels to internal memory, then access them when you're done riding through our Power Core software (only available for Windows computers). This display module connects to your Power Commander V/6 or Wideband 2 device network through a CAN cable (included). The POD-300 is weather-resistant, so it can be used in any environment. The high-contrast display is easily viewable in direct sunlight. It includes a velcro backing for easy installation and removal, or you can purchase a handlebar mount separately (SKU #61300062). Please note that the POD-300 is a display module only, which is used in conjunction with Power Commander V, Power Commander 6, AutoTune or Wideband 2.

- Clear, high-visibility display module
- Allows for real-time fuel adjustments
- Weather-resistant
- Connects to Power Commander V/6 or AutoTune via CAN cable (included)
- Log channels to internal memory, analyze with Power Core Software

Galfer Front Brake Rotor Suzuki GSXR 1300 Hayabusa

Product Description

For the first time ever in India!!

SC Project has created for Lanesplit a custom Carbon Fiber Muffler for the 300 - 1300cc bike segment, only for the India market. This product is not available anywhere else. The slip-on exhaust fits a wide variety of bikes (details in additional information). May need an additional link pipe, depending on bike model. Please contact us for any query. This product is limited to only 1 piece per customer. This is not a dual exhaust. Only 1 muffler included.

**** Picture is for representation and illustration only.***

The GP-TECH muffler characterized by its round and simple shape gives a sporty and attractive line to your motorbike. The GP-TECH is distinguished by the sporty exhaust end cap carbon fiber Twill. The visible welding with T.I.G. technology and the insert bushings made in CNC allow the silencer to be an added value. The muffler is equipped the DB-Killer and is approved for road use. In the kit are included the steel clamps with anti-vibration rubber for to install the silencers.

Specially produced for Lanesplit

Price: ₹10,000.00

Categories: [Air Filters](#)

Product Description

Sprint Filter P08 is a standard performance air filter, ideal for street legal use or track day. Sprint Filter P08 uses a special polyester filtering media with a wire diameter of only 70 microns. Its unique weave pattern can filter debris as small as 80 microns while having the highest permeability for any other air filter brand on the market. The increased airflow of the P08 air filter will help maximize your motorcycle power potential while offering excellent filtration protection. Minimal maintenance Remove the filter from the airbox, blow it clean with compressed air, and reinsert it. No washing, cleaning or oil treatment needed. Product lifecycle The P08's polyester material will display no deterioration or loss of structure or performance if looked after with care.
