Brembo Master Cylinder 19RCS Corsa Corta 110C74010 Ducati

110C74010

[Read More](#)

SKU:

Price: ₹41,000.00

Categories: [Master Cylinder](#)

Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Brembo Racing Red Radial Brake Caliper M4 Monoblock 100mm White Logo Left Ducati

120988588

[Read More](#)

SKU:

Price: ₹45,000.00

Categories: [Brake Caliper](#)

Product Description

Brembo Racing Red Radial Brake Caliper M4 Monoblock 100mm White 120988588 This monobloc caliper, obtained from a single piece of molten aluminum alloy, concentrates the most advanced casting and processing technologies to obtain a monolithic caliper body of absolute lightness, with excellent rigidity values and operating precision. Particular attention has been paid to the hydraulics and the shape of the caliper body, both subject to careful technical refinement work. The caliper body, inside which there are 4 pistons with a diameter of 34 millimeters, is characterized by significant rigidity values obtained thanks to the characteristic triple bridge shape. With the cast monoblock calipers, Brembo makes available to all enthusiasts the technology, successfully used in MotoGP, which allows the caliper body to be obtained from a single piece of molten aluminum, thus ensuring optimal rigidity. Model: M4 Side: Left Wheelbase: 100mm Caliper body: Monoblock Number of pistons: 4 Pistons diameter: 34mm H. brake band: 34mm Material: Cast aluminum Superficial protections: Red with white logo Pistons material: Aluminum Weight without pads: 800gr Offset: 30mm The box in addition to the caliper contains: instruction manual, Brembo stickers, banjo and washers for assembling the hose fitting. **NOTE: CALIPER SOLD INDIVIDUALLY (NOT IN KIT)**

Sprint Air Filter Ducati 1198

CM13S

[Read More](#)

SKU:

Price: ₹9,500.00

Categories: [Air Filters](#)

Product Description

Sprint Filter P08 is a standard performance air filter, ideal for street legal use or track day. Sprint Filter P08 uses a special polyester filtering media with a wire diameter of only 70 microns. Its unique weave pattern can filter debris as small as 80 microns while having the highest permeability for any other air filter brand on the market. The increased airflow of the P08 air filter will help maximize your motorcycle power potential while offering excellent filtration protection. Minimal maintenance Remove the filter from the airbox, blow it clean with compressed air, and reinsert it. No washing, cleaning or oil treatment needed. Product lifecycle The P08's polyester material will display no deterioration or loss of structure or performance if looked after with care.
