SKU:

Price: ₹41,000.00

Categories: [Master Cylinder](#)

Product Description

Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5-axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than 30° to make bleeding the master cylinder easier.

Givi Tank Lock Tank Bag Fitting Flange Triumph Trident 660

BF02

Product Description

Mivv Delta Race Black Steel Full System Exhaust

T.022.LDRB Made to improve the aesthetics, sound and performance of the motorcycle, the Mivv slip-on exhaust comes from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. The exhaust is characterized by an exclusive shape which, through a gradual transformation, from conical to hexagonal. There are many details that make the style unique, such as the 3K twill carbon pad; the perimeter band with double riveting; the inlet bushing machined from solid, to offer maximum coupling precision. On the terminal there is the characteristic Mivv logo made by laser. It is characterized by a central body in black stainless steel with “Black Moon” effect, obtained thanks to a special ceramic-based painting process that gives the product a more aggressive look. Technical Features Cover material: Black stainless steel Back material: Carbon Internal structure material: Stainless steel

Product Description

Mivv X-M5 Black Steel Full System Exhaust

T.022.SC5B Made to improve the aesthetics, sound and performance of the motorcycle, the Mivv slip-on exhaust comes from the utmost attention to design, with the aim of satisfying those who want to stand out, even through the look of their bike. The Mivv X-M5 line, the result of the experience gained in the MotoGP, Moto2 and Moto3 world championships, is the perfect synthesis of racing style and performance. With a design inspired by the exhausts made for the World Championship, the X-M5 silencer has a conical shape and compact dimensions capable of emitting the captivating MIVV sound. It is equipped with a 3K twill carbon cap and is equipped with a removable protective grille that hides the dB-killer. The Black version is characterized by a central body in black 304 stainless steel with "Black Moon" effect, a finish obtained thanks to a special ceramic-based painting process.

Sprint Air Filter Triumph Trident 660

PM223S

[Read More](#)

SKU:

Price: ₹12,000.00

Categories: [Air Filters](#)

Product Description

Sprint Filter P08 is a standard performance air filter, ideal for street legal use or track day.

Sprint Filter P08 uses a special polyester filtering media with a wire diameter of only 70 microns. Its unique weave pattern can filter debris as small as 80 microns while having the highest permeability for any other air filter brand on the market. The increased airflow of the P08 air filter will help maximize your motorcycle power potential while offering excellent filtration protection. Minimal maintenance Remove the filter from the airbox, blow it clean with compressed air, and reinsert it. No washing, cleaning or oil treatment needed. Product lifecycle The P08's polyester material will display no deterioration or loss of structure or performance if looked after with care.
