## Product Description

Akrapovic Tromboncino Exhaust S-Y2SO11-AHCSS The Akrapovic Tromboncino Exhaust Slip-On line represents the first step in exhaust system tuning. It is simple to install and replaces a standard terminal, offering the best compromise between price and performance. With the Akrapovic Slip-On system we have more power, the unmistakable deep and thundering Akrapovic sound, greater torque value and lower weight. Each silencer is equipped with high quality carbon fiber end caps, also produced by Akrapovic.

get a small increase in performance in terms of torque and power. In addition, a sportier and more captivating design will be given to your bike. The sound of the bike will be accentuated making it more free and open.

# Brembo Master Cylinder 19RCS Corsa Corta 110C74010 Moto Morini X Cape 650 / 650X 

110C74010
Read More
SKU:
Price: ₹41,000.00
Categories: Master Cylinder

## Product Description

## Brembo 110C74010

The 19RCS CORSA CORTA is characterized by the possibility it provides the rider to adapt the braking "bite point" to the desired riding feeling, in addition to the RCS (Ratio Click System), introduced 10 years ago on the Brembo 19RCS radial brake master cylinder, which allows the center distance of the master cylinder to be adjusted to "18" or "20". The master cylinder body is made of forge aluminum alloy, machined with 5 -axis CAM technology. A hard oxide coating is used for the surface finish, which guarantees that the master cylinder main body is highly resistant to wear and its components move easily. The floating piston and the seals derive directly from those used in MotoGP, as do the housings for the bleeding and fueling systems, which are inclined by more than $30^{\circ}$ to make bleeding the master cylinder easier.

## Product Description

Hammer Enduro E MX Hand Guard \& Handlebar Mounting System
Hammer is the new model on Polisport's handguards line with 1-point-mount, for MX and Enduro. With it comes a new universal mounting system developed for simple and quick installation and a perfect fit on crowded handlebars. The HAMMER offers a large plastic shape to protect hands and master cylinder, and 2 positions of horizontal adjustment to allow some level of customization when installed. The minimalist design, with horizontal oriented vents and carbon texturized plastic cover, will match your bike and give it a stylish look. Hammer handguard is available in Black.

Features

- New universal mounting system for quick, easier mounting and a perfect fit
- Large plastic guard to ensure the optimal protection for hands and master cylinder
- Slim and low-profile
- Horizontally orientated airflow vents for better cooling
- Quick and easy installation
- Mounting system bolted on the front of the plastic guard for easy installation and removal
- Adjustable horizontally in 2 positions
- All hardware included
- Mounting kit provides a wider range of installation on the handlebar

## Product Description

Polisport Hand Guard MX Force \& Universal Mounting System 8308700001 - Black MX Force features a new universal mounting system that allows installation between grip and master cylinder and goes above the handlebar. This will make most of the space available and maximize protection. MX Force is highly ventilated and has a lightweight design, with clean and straightforward lines that will match any modern motorbike. It will provide the needed coverage for hands and master cylinders in any situation.

The MX Force is also adjustable horizontally in 2 different positions.

## SC-Project GP Tech Carbon Fiber Muffler Yamaha YZF R3

D04B-28C
Read More
SKU:
Price: ₹75,000.00
Categories: Exhausts

## Product Description

## For the first time ever in India!!

SC Project has created for Lanesplit a custom Carbon Fiber Muffler for the 3001300cc bike segment, only for the India market. This product is not available anywhere else. The slip-on exhaust fits a wide variety of bikes (details in additional information). May need an additional link pipe, depending on bike model. Please contact us for any query. This product is limited to only 1 piece per customer. This is not a dual exhaust. Only 1 muffler included.

## * Picture is for representation and illustration only.

The GP-TECH muffler characterized by its round and simple shape gives a sporty and attractive line to your motorbike. The GP-TECH is distinguished by the sporty exhaust end cap carbon fiber Twill. The visible welding with T.I.G. technology and the insert bushings made in CNC allow the silencer to be an added value. The muffler is equipped the DB-Killer and is approved for road use. In the kit are included the steel clamps with anti-vibration rubber for to install the silencers.

## Specially produced for Lanesplit

Matte Carbon Fiber Sleeve Matte Carbon Fiber Cap Sleeve Dia 98mm Sleeve Length 280mm Inlet diameter 52mm Internal Dia 52mm Support Bracket Removable dB-Killer

## Sprint Air Filter Yamaha R1

PM90S
Read More
SKU:
Price: ₹11,500.00
Categories: Air Filters

## Product Description

Sprint Filter P08 is a standard performance air filter, ideal for street legal use or track day. Sprint Filter P08 uses a special polyester filtering media with a wire diameter of only 70 microns. Its unique weave pattern can filter debris as small as 80 microns while having the highest permeability for any other air filter brand on the market. The increased airflow of the P08 air filter will help maximize your motorcycle power potential while offering excellent filtration protection. Minimal maintenance Remove the filter from the airbox, blow it clean with
compressed air, and reinsert it. No washing, cleaning or oil treatment needed. Product lifecycle The P08's polyester material will display no deterioration or loss of structure or performance if looked after with care.

## Product Description

## WRS Windscreen Sport

Color: Dark Smoke
MM002FS
Windscreen made using high quality PMMA plexiglass, DOT626 approved 4mm thick. Thanks to this windscreen the annoying turbulence on the helmet will be eliminated, as well as the air on the shoulders and you will finally be protected even for longer journeys. Ideal for use in hot weather or for short trips around the city. Sport version with measurement $\mathbf{6 c m}$ lower than the original and $\mathbf{6 c m}$ per side. The design, studied in detail, fits perfectly with the lines of the bike. More specifically, we have improved the lines of the windshield so that the airflow flows directly onto the deflectors without compromising driving comfort.
